

June 2018

Dear Valued Customer,

As many of you are aware, recycling programs in the United States have come under fire over the last year. Our costs to provide the service since 1988 were largely provided by the sale of the products we recycled. Unfortunately, the payment received has turned into a bill to accept. This situation has forced us to reconsider or rework the mechanics of the program.

Effective August 1st, 2018 we must now charge to provide this service. Your next statement will include a \$5.00 per month fee to continue to recycle with us. You have the option to not recycle, however, in most cases it would require a larger trash container which is about the same increase monthly.

These are trying times in the recycling world. We look forward to government stimulation of some kind to balance the integrity.

Sincerely Yours,

A handwritten signature in black ink, appearing to read "S. Earl", written over the typed name.
