

**NOTICE OF PROPOSED ACQUISITION AND RATE BASE ADDITION**  
Docket No. A-2019-3015173

Dear Customer:

On June 11, 2020, the Pennsylvania Public Utility Commission (PUC) conditionally accepted for filing the application of Aqua Pennsylvania Wastewater, Inc. (Aqua) for approval to acquire the Delaware County Regional Water Quality Control Authority (DELCORA) wastewater system assets. DELCORA provides direct retail service to approximately 16,000 customers and provides collection, conveyance, and treatment service to approximately 200,000 Equivalent Dwelling Units in Delaware and Chester Counties, Pennsylvania. Aqua's application also requests that the PUC authorize an addition of up to \$276.5 million to Aqua's rate base pursuant to 66 Pa. C.S. § 1329. A utility's rate base is the value of property used by the utility to provide service to its customers and is one of several components used to establish a utility's customer rates.

This acquisition will not immediately, but may, in the future, affect water and/or wastewater bills of Aqua customers, including the new DELCORA wastewater customers. Aqua is not requesting a rate increase as part of the acquisition. Your rates will not change until the conclusion of Aqua's next rate case where Aqua requests and receives PUC approval to increase its rates. Currently, it is not known when Aqua will file its next rate case. At that time, based on a preliminary analysis of the potential rate impacts, Aqua estimates that the rates of the average customer could increase. The amount of the increase will be determined in Aqua's next base rate case and will be dependent on how the PUC chooses to apportion the increase among Aqua's acquired and existing customers. The tables below present non-binding, estimated incremental rate effects of the proposed rate base addition on Aqua's existing water and wastewater customers:

**Aqua Wastewater Customers**

<b>Rate Class</b>	<b>Average Usage</b>	<b>Estimated Monthly Increase</b>	<b>Estimated Percentage Increase</b>
Residential	3,020 gal/month	\$9.78	14.32%
Commercial	21,940 gal/month	\$30.76	14.32%
Industrial	3,200 gal/month	\$7.92	14.32%

## Aqua Water Customers

Rate Class	Average Usage	Estimated Monthly Increase	Estimated Percentage Increase
Residential	4,080 gal/month	\$2.99	4.58%
Commercial	37,050 gal/month	\$18.77	4.58%
Industrial	211,510 gal/month	\$88.39	4.58%

The amounts stated above could change and will depend on how the PUC chooses to apportion any increase among the types of service, rate zones, and classes of customers.

### PUC ROLE

The state agency which approves acquisitions and rates for regulated public utilities is the PUC. The PUC will review and investigate the proposed acquisition and requested \$276.5 million in additional rate base. After examining the evidence, the PUC may approve, modify or deny the acquisition and may approve or modify the \$276.5 million addition to rate base. The PUC will issue a decision on the application on or around January 14, 2021.
